 - If a ruling in your favor "would necessarily imply the invalidity" of a criminal conviction or prison disciplinary punishment affecting the time served, then you cannot make these claims in a civil rights complaint unless you have already had the conviction or prison disciplinary proceeding invalidated, for example through a habeas proceeding.

Claim 1: Devilution of Duty/Wrongful Death Defendants: City of Lawton, OK; Lawton Police Officer FNU-LNU Supporting Facts: On the day before Thanks giving 2017 I contacted the Joint Police Force for Lawton and Fort Sill, OK. I Specifically asked to speak to the duty officer. When he was on the line I reported to him that I was being powoned by Viridian Coffee Shop in Duncan, UK and that was warning him because: DVINDIAN had a location in Lawten 2) I believed Viridian was a cover-operation by roque elements of the U.S. Government and. Control Apparatus to target loyal Veteran Sworn to uphold, support and defend the Constitution. Since Lawton has thousands of Soldness in it. I felt obligated to warn them. The Officer on the phone tools my report, advised me of the poison. I never heard from him again. It is Clear that my claims were either deadly serious or should have planned and followed through with a check-in with me within hours to ensure the safety of me and those around me. His inaction was the first in a series of the same that left me to my own fears For 168 hours altimately ending in the deaths of my wife and stepfather and 1st Degree Murder Charges for me.

Claim 2: Decilication of Duty/Wrongful Death Defendants: Lity of Duncan, OK; Duncan PD Officer-Phone Report (Budge # 217); Duncan PD Officer - HA FNU-LNU (Budge # Unka).
Supporting Facts: On the Day before Thanks giving, and after
my report to Lawton, DIC PD (Claim 1), I received a phone call from a restricted number. The male caller identified himself as a Duncan Police Officer and opined he was aware of my report to Lawton PD. He asked me a series of questions to which I replied in the military invective of "Check" (meaning yes) and "negative" ended the call by asking for his badge number which he supplied (217). He never followed up with me as he should have. The next Day (Thanksquing) my Mother (Mona Newman) took a bag of Loffee grounds, at my direction, to Duncan PD Ha. She asked Duncan Police Officer-Ha (FNU-LNU/Badge#Unknown) to test the grounds for the presence of "poison: illicit drugs (ocame/pep. He tested it (away from her presence) for only wearner, the reported to her it was negative. However, he was informed of my Veteran Status, my PTSD diagnosis and my fears of being poisoned. He never followed up or made waves with his superiors to take the situation seriously. Durem PD has two

They did not follow up with me. They did not attempt on in person interview. However, when the owner of Vividian Luffee Shop added me as a friend on Facebooks two things happened: 1) It convinced me that Duncas PD did not work for me as the complaint initiator. On the contrary they had informed the owner of the very shop I believed was poisoning me. Duncan Pp became, Do the Day of my arrest, after calling 911, I specifically informed them of the Deaths of my wife and stepfather ... and I specifically asked for them to "send a Sheriff" 2) It shot my few skyhigh as it appeared even the local PD was involved or complicit mindset of the military emergency code "Broken Arrow." I was surrounded and in danger of

Claim 3: Deriliction of Duty/Wronzful Peath
Describants: Trinidad, LD Police Department; Police Officer (Female (proporal)

Supporting Facts: On Thankszivinz day, as I was fleeing Duncan,
UK, I proade an uniplanned stop in Trinidad, (D to
specifically make contact with a Police Department
That no one could pre-emptively influence. As I pulled
into the Parking lot I made contact with a female
(orporal who was an foot, I told her of my fears of
being poisoned and that I had a bag of coffee I
would like the Police Department to test. She
verbalized (paraphrasing) "yes we will test it. But we
have a call we all have to go to first." Then
she and the balance of Police left me in the parking
lot. It must be made clear that to this date

I am unsure if I may have been pursoned (or the source of any poison) or if my fear were purely

delusional. But what is clear is that I was physically SICK at the time. That being said, as I waited for the Female Corporal's ceturn, my physical constitution devolved and I was forced to leave intending un Test at Colorado Springs, CO. My nausca, dizziness, pain, and delirium were overwhelming. Upon exiting Trimbad, CO I purchased a small amount of legal Mariyuana to Ease my symptoms and stopped on the side of the freeway to utilize some (outside my vehicle). At that point I could no longer drive and my wife took over for the remainder of the drive. Upon reviewing my discovery evidence I learned that the "AV-hands" call the Police were responding to was actually a Vagrant complaint by the proprietor of the Masonic Lodge in town. The Trimbus Police Department yave unwarranted preference to Political Powerhouse and PD benefactor. The Freemasons, The same Freemasons who placed a plague on the Trinidad Police HD after they built it. The Female Corporal Should have or assigned another Officer to. She ever could have assessed the situation at the Lodge quickly and dispatched an Officer back to me. Being Poisaned is an Emergency Trinidad PD's inaction allowed a Dangerous situation to spread to other communities and it endangered others eventually and directly contributing to the Deaths of Sessica Kirk and

Dennis Duncan because they pushed their responsibility onto other. Law Enforcement Agencies and eventually, through their Inaction, unto me. People who fear for their lives contact Police. Trinipad PP let a mentally deminished combat Veteran roam the streets of 3 states looking for help. All to detain a few jugs resting on the sidewalls.

Claim 4: Deriliction of Duty/Wrongtwi Death Defendants: Colorado Springs, Co Police Department; Office Phone-Answerer (Female) FRU-LNU Supporting Facts: On Thanksgiving Day 2017 while en route to Colorado Springs, LO I called their Police Department to inform them that I was Fleeing Olklahoma because I was being poisoned. In response to her exasperation I pointed out my then belief (which turned out to be true that Duncas PD Joes n't work for the little people. . they work for Halliburton and its rich citizen. This appeared to turn her upinnian and she directed me to poisoned. Though she directed me to call them when I reached the hospital, she made no definitive plan of action to make physical contact with me to ascertain a true understanding of the situation involving an individual entering their jurisdiction with life and death fears.

(Dorado Springs PD never followed up with me as I spent three days in their city. It was during this time that my symptoms of illness were most severe and, at one point I deliriously asked my wife what was safe to drink. It was also during this time that I began to suspect my write as a confprit. A mentally deminished assertion made in a delirious state that found itself as belief on I quovair?... The day of my write's death. (olorado Strongs PD allowed the Situation to Further Devolve with no follow-up. Because they allowed me to drift further into psychosis they directly contributed to the Deaths of my write Desses Kirk and my stepfather Dennis Papean.

Defendants: Elipaso County, CD Shieriffs Department; Phone-Answers

Supporting Facts: On or about Thanksgiving Day 2017

I (portacted) Canyon County Sheriffs by phone, For

reasons I don't recall I had to wait for a Deputy

to call me back. When he did, I informed him of

my possining fears and my flight from Olslahoma.

Similarly, he directed me to Fort Carson Army

Hospital (specifically) and to Fort Carson Provost

Marshall. Just as with Colorado Springs PD, he fell

into inaction and deferred his duty unto other entities. Because of this, I further became disillusioned with Law Enforcement and this contributed to the ultimate Conclusion that I had to act on my own. Caryon Country Sheriff's Department did not follow up with me to ensure my safety and allowed a Combat-Verten Fearing for his life to roam their jurisdiction for I days during which my belief coalesced and firmed that Dennis Duncin was a culprit in pursoning me. Their maction directly contributed to the deaths of my wife Jessila 1911 and stepfather Vennis Duncan. Supporting Facts: During the weekend directly after Thanksgiving 2017 I Checked Into Evans Army Hospital with the Claim of being paisoned. It is informative to note that I had direct contact with the Medical staff and specifically the Hospital Commander during my Medical Evaluation Board (MEB) in 2014/2015, My first medical retirement packet was assigned to Fort Carson medical staff. They

Section D: Cause of Action Denied my retirement (which was later overturned by Army Medical Department Director of MEB's) and upon appeal I was assigned an indifferent and I assert corrupt legal counselor, I captured he unethical behavior on andio recording and posted it to youtube subsequently emailing the link to the thin Hospital Commander. Owing that time I learned that Fort Carson demed mental health retrement puckets at an oblenely high rate, My class with the lawyer and hospital commander was wively Isnown on Fort Carson as I received abusive comments on my youtube account. I assert that when I checked in To treet Carson Army Hospital the staff recognized my name and acted in indifferent animosity by giving me the minimum required treatment and even hiding their identities by taking their hospital name pudges backwards over their uniform name-tapes. The Nurse gave me in I.V. bag and who I asked for another, refused, when I informed the Provider I may be the Victim of poisoning and sent my wife to the truck to get the bag of coffee for testing, they did not alert Law Enforcement or Behavioral Health Officers. Because of their indifferences, medical malpractice and deciliation of duty I was discharged within a few hows with the Statement "Nothing More to po" These Army Officers and medical a) providers Knew I was medically retired for

"Mental health" reasons, They Knew I was a combat-Vetern, They Knew from my online medical records I had a history of a dragnosis called Somatuform. And they Knew I was quitting a psychotropic drug. Who my buckpack wasn't in there, Because I ALWAYS have my buckpack this was the lastalyst to including my wife as a culprit. Army Officers/Doctors had a clearly unstable and sick medically-retired combat veteras in their care and against medical protocol rushed me out: back into the public.
This led to my further believing that I was on my own and it directly led to the deaths of Jessica Kirk and Vennis Pincas. Relief Requested: Secretary of the Army level investigation into the events surrounding my Hospital stay in 2017, my nexus of animosity stemming from my MEB in 2014/2015 and the implications of deriliction of Justy/medical malpractice and their influence on the deaths of my Wife and Stepfather. Claim 1: Medical Mulpractice/Deliberate Indifference/Wrongful Death Defendants: Duncan Regional Hospital; Treating Provider MD (Deceased) FNU-LNU; Treating Nurse FNU-LNU; Security Guard (male) FNU LNU; Licensed annul Social Works (Female) FNU-LNU. Supporting Facts: On the 29th of November I checked my Son Eurmer out of Sindergasten at Plato Elementary and Checked him into Duncan Regional Hospital with the Chief complaint of being poisoned, On the return trip from Colorado back to Duncan, US my son displayed one instance of auditory hallucinations (I heard the word evil in my ear) and one instance of possible memory hally cination of an event involving his school teacher that she flatly denied occurred. He also had the same physical symptoms of chills/Sever and sign Spots that I had in Tolorado. I blamed my wife for possening him to cover up her poisoning me as a way to implicate mental illness in order to have me committed I reported this to Duncan Regional Staff. When my wife showed up at the Hospital I confronted her directly "I'm ashamed of you, you Chaperone to prevent conflict. The Security Guard wrived with the Licensed Clinical Social Worker and they proceeded to interview me and my write Seperately.

My wife, who had just informed me she called the VAF and told them I was in psychosis, was intornewed first. She informed the Guard and Lesse that I was a Verturan with PTSD and was psychotic. She also specifically verbalized she didn't fear for her or the children at my hands, During my interview I resterated the series of events and my fears/suspeciops. Upon completion the LCSW verbalized, "Lets gest you checked in But I refused based on my belief in being poisoned and the accumulation of dejection from the above Claims. The Treating Provider however conducted a Simple urinalysis on my son and gave a diagnosis of exema and discharged him. Three medical staff and Guard with Law Enforcement experience saw a grown man allege pursoning by his wife. And they all Saw a grown woman describe her husband as a Combat Veteran with PTSD in a psychosis. None of then contacted local law enforcement or attempted extended action to alleviate the danger to my family, my self or the community. Because they simply discharged in son it directly contributed to the final Conclusion that I was alone in this Junger and They directly contributed to the Deaths of Jessica Kirk and Dennis Duncan Relies Requested: Duncan Regional Hospital: \$ 21,000,000,00

1) my wife Jessica Called the VA's Veteran Crisis Line and told them I was in a psychosis. The further details of the call are unknown to me except that their response was "We can't do anything unless he self-admits to a hospital." They made no phone call to local law enforcement in order to get a wellness their They simply logged the info, finished the shift, and went home.
